RAILWAYS.

(denotes that this work is advertised in Engineering News.)*

ALABAMA NORTHWESTERN.—John W. Davis, Second Vice-Pres., Tuscumbia, Ala., advises us that preliminary survey has been made by this company for its proposed line between Gadsen, Ala., and Tuscumbia, a distance of about 120 miles. A meeting of the board of directors will be held at an early date. Right-of-way is now being secured. The officers are: S. E. Gardner, of Lauderville, Ala., Pres.; First Vice-Pres., J. C. Kumpe, Moulton, Ala.; Second Vice-Pres., John W. Davis, Tuscumbia, Ala.; Secy., H. L. Hunter, Falkville, Ala. Other directors are: A. L. Windham, of Moulton; A. H. Tomlinson, of Falkville, and A. B. Turner, of Walnut Grove. Route is via Attalla, Walnut Grove, Brooksville, Falkville and Moulton, with a branch from the latter point to Clear Creek Falls. B. B. Sherrill, of Falkville, is Ch. Engr. Noted on Oct. 24.

ATCHISON, TOPEKA & SANTA FE.—E. P. Ripley, Pres., has stated, according to the New York "Tribune," that extensions and improvements agreed upon for this railway in Texas, to cost $7,000,000, will not be made this year, perhaps not for many years. While the financial stringency is the principal reason, he states that adverse legislation in Texas had much to do with this decision. The projects abandoned include the Santa Fe's short line extension from its San Angelo branch to the California main line at the Texas-New Mexico border, the extension into Mexico, via the St. Louis, Brownsville & Mexico Ry., and two other extensions through east Texas into the Indian Territory. For details regarding the Center-Timpson (Tex.) extension see issue of Oct. 24 (also May 2).

BUFFALO & SUSQUEHANNA.—The line from Juneau Junction to Sagamore, Pa., 23 miles, will be rebuilt. H. Herden is Ch. Engr., Galeton, Pa.

BRISTOL & KINGSPORT.—A charter has been granted this company in Tennessee. Company is capitalized at $10,000 to build a railway from Kingsport to Bristol, Tenn., via Blountville, about 25 miles. Although the company has been chartered as a steam road, acting under the authority of the acts of 1903, the promoters expect to also operate this as an electric line. At Kingsport is located the necessary water power. The incorporators include ex-Governor John I. Cox, James B. Cox, F. Powell, F. H. Cathran and Samuel L. King, of Bristol. Survey is to begin within ten days. Officers are as follows: J. I. Cox, Pres.; S. L. King, Vice-Pres.; F. Powell, Secy. and Treas.; F. H. Cathran is Ch. Engr.; J. B. Cox, General Counsel.

*CENTRAL ONTARIO.—Bids are asked until noon, Dec. 2, at company's general offices, Trenton, Ont., for clearing, grading, track laying, ballasting and other work required in the construction of the Whitney extension, a distance of about 18 miles. Geo. Collins, Mgr.

CHICAGO, FOX LAKE & GENEVA.—Incorporated in Illinois, with principal office in Chicago, and capital stock of $2,000,000. The road is to be constructed from Chicago, Ill., in a northerly or northwesterly direction through the townships of Leyden, Maine, Elk Grove, Wheeling and Palatine in Cook County; the townships of Ella, Cuba, Fremont, Wauconda and Grant in Lake County; and the townships of Nunda, McHenry and Richmond in McHenry County, to some convenient point on the line dividing Illinois and Wisconsin, with branch lines to Fox Lake and Woodstock. The incorporators and first board of directors are: George H. Howard, Maurice B. Louis, Harry R. Yaryan; Lewis E. Starr, 5119 Indiana Ave., Chicago; and Sidney E. Malette.

COFFEYVILLE & MEMPHIS.—This company was incorporated with a capital stock of $1,000,000 in Nov. 1906, to build from Coffeyville, Kan., to Memphis, Tenn., via Centralia, Kan., Vinita and Afton, Ind. T., and Little Rock, Ark. Coffeyville has subscribed $30,000 to aid construction of this railway; Centralia has subscribed $20,000, and Vinita, $40,000. Construction will begin in the spring. Those interested in the project are: J. O. Hall, W. P. Brown, E. C. Kiddov, E. A. Roser, P. H. Crahon, G. L. Gabler, J. E. McCluney, A. J. Yoke and W. C. Hall, all of Coffeyville, Kan.; C. E. Bennett and O. H. Selby, of Oklahoma City, Okla., and J. E. Lehman, of Centralia, Kan. Previously noted.

COWETA, FRANKLIN & TROUP.—We are officially informed that date for letting contracts is indefinite. As previously noted, this company has given notice that it will apply for a charter to build a line from the Central Railway of Georgia or the Atlanta & West Point in Coweta County to Franklin and to a point on the Atlanta, Birmingham & Atlanta in Troup County, about 50 miles. Capital $300,000. The incorporators are: John W. Daniel, Thomas C. Lane, Ben. H. Tompkins, R. B. Mooty, R. M. Lipford, J. W. Ray, Robert G. Crain, James R. Daniel, W. D. Taylor, W. T. Goodson, A. W. Powers, Frank S. Loftin, P. T. McCutchen, Roe Hearn, G. A. Adams, D. B. Whitaker, of Franklin, Heard County, Ga.; A. D. Kitchens, of Texas, Heard County, Ga.; J. E. Dunson, of Lagrange, Troup County, Ga., and W. C. Wright and W. A. Brannon, of Newnan, Coweta County, Ga.

DELAWARE & EASTERN.—Location surveys are said to be completed for the extension of the D. & E. R. R. from East Branch, N. Y., to Hancock, N. Y., and to Wilkes-Barre, via Equinunk, Dyberry and Honesdale, Pa. O. F. Wagenhorst is Ch. Engr., Downsville, N. Y. The line now runs between East Branch and Arkville, N. Y., 37½ miles, with a branch from UnionGrove to Andes, 12 miles. H. M. George is Secy., 7 Wall St., New York City.

GEORGIA & CAROLINA.—W. L. Hodges, Pres., Hartwell, Ga., advises us that the Richardson-Wey Engineering Co., of Atlanta, Ga., and DeCamp & Cunningham, Engrs., of Anderson, S. S., have been selected to act jointly as engineers on the preliminary and location surveys of the Georgia-Carolina Ry. and to make a comprehensive report of the projected line from Athens, Ga., to Anderson, S. C., via Hartwell, about 65 miles. Both steam and electric railway propositions are under consideration. Surveys will begin soon. Right-of-way is obtained. Capital has not yet been secured. Contracts will be let as soon as surveys are made. In our issue of July 4 it was noted that this company had applied for a charter to build its proposed line from Athens, Ga., to Hartwell, Ga., and Anderson, S. C. It is stated that an old grade of the Athens & Carnesville Traction Co. may be used for eight miles. The incorporators are A. H. Hodgson, W. F. Dorsey, C. J. O'Farrell and James White, of Athens; A. N. Alford, J. W. Williams, J. H. Hodges, A. J. McMullan, T. J. Linder and W. L. Hodges, of Hartwell; G. W. Westbrook, of Commerce; D. W. Brooks, of Royston; Berry T. Moseley, of Danielsville; A. J. Owens, of Canon, and J. R. Dortch, of Carnesville, Ga.

GOTEBO & SOUTHWESTERN.—Proposing to build 125 miles of railroad in southwestern Oklahoma, the Gotebo & Southwestern R. R. Co., having its main offices at Gotebo, Okla., has taken out an amended charter. The company is capitalized at $1,000,000. The projected line will run from Clinton to Frederick, Okla., passing through the counties of Custer, Washita, Kiowa and Comanche. The incorporators are: Herbert E. Colby, of Oklahoma City; John W. Ornstott, of Cooperton; Peter Richert, R. B. Wells and R. W. Calhoun, of Gotebo. Noted on May 9 and May 30. The directors are Herbert E. Colby, Pres. and Gen. Mgr.; John W. Onstott, First Vice-Pres.; Peter Richert, Second Vice-Pres.; John J. Kiliewer, Auditor; Robert B. Wells, Secy. and Treas. Headquarters are at Gotebo.

ILLINOIS & NORTHWESTERN.—O. P. Chamberlain, Ch. Engr., 184 La Salle St., Chicago, advises us that company is not ready to announce date for letting contracts. This company has been incorporated to build from McCook to Lyons, Ill., two miles. Right-of-way has not been secured. Surveys are made. W. E. Phillips, Chicago, is Pres. This is a Chicago & Illinois Western R. R. project. Previously noted.

LAWTON, WICHITA FALLS & NORTHWESTERN.—Company will let contract Nov. 10 for grading seven miles of railway. Profiles and specifications may be seen at office of company at Lawton, Okla., or at either bank in Randlette, Okla. Bids will be received for any part or all of the work. J. M. Bellamy is Pres., Lawton, Okla.; A. J. Robinson, Ch. Engr., Frederick, Okla. The railway will extend from Lawton, Okla., to Wichita Falls, Tex., 50 miles, as noted on May 9.

MIDDLE TENNESSEE R. R.—Charter of incorporation has been filed in Tennessee. The nominal capital stock is $10,000, and the incorporators are J. W. Howard, J. H. Carpenter, Arra Holtz, Meade Frierson and R. G. Sparrow, all of Columbia, Tenn. The company proposes to build from Leatherwood Creek in Hickman County to the headwaters of Liepers Creek in Maury County, about 20 miles. The railroad would open a rich and valuable phosphate field.

OREGON TRUNK LINE.—It is reported thaa preliminary surveys have been completed from the mouth of the Deschutes River southward about 150 miles and that location surveys have been made for 45 miles. Construction probably will not begin until the early spring. W. F. Nelson, 1829 Broadway, is Pres., and F. S. Gordon, Ch. Engr., both at Seattle, Wash.

OREGON & WASHINGTON.—Bids for work of construction on the Oregon portion of this road, which is to be built between Portland, Ore., and Seattle, Wash., will be opened Nov. 12, it is stated. The work will include an extensive amount of trestle bridges and a tunnel nearly 5,000 ft. in length. It is the intention to begin construction not later than Jan. 1. H. F. Baldwin is Ch. Engr., Seattle, Wash. Noted on Aug. 29.

ROBERT LEE & FORT CHADOURNE.—Grading between Robert Lee and Fort Chadbourne, Tex., is in progress on this proposed road which will run between Robert Lee and Winters, Tex., 50 miles. The line will cross

the Kansas City, Mexico & Orient Ry. 13½ miles from Robert Lee. E. HUNTER, Robert Lee, Tex., is the contractor, as noted on Sept. 26. J. Austin Spencer is Pres., and S. J. Bross, Ch. Engr., Robert Lee, Tex.

TENNESSEE WESTERN.—At a meeting held in Nashville, Tenn., on Oct. 25, in the office of J. H. Connor, in the Steger Bldg., it was decided to put engineers in the field and make a preliminary survey of the proposed route of the Tennessee Western Ry. This line is to be 132 miles long, connecting with the Nashville and Huntsville R. R. in Giles County, probably at Elkton, thence through the counties of Giles, Lawrence, Wayne, Hardin, McNairy and Hardeman, connecting with the Illinois Central at Bolivar, Tenn. It was also decided to take out a charter for the new company, which will be capitalized at $3,000,000.

TEXAS.—The J. R. Ricker Co., Waco, Tex., desires quotations on 40 miles new or relaying steel rails running from 56 to 70 pounds, delivered Tyler, Tex.; also quotations on fastenings, delivered at Tyler.

It is reported that Charles B. Duffy, of Boston, Mass., Pres. of the Apalachicola Northern R. R., of Florida, has become interested with M. J. Healy, promoter of the proposed railroad from McKinney to Krum, Tex. It is proposed to sell $200,000 of stock along the route.

Dan Quill, of Terrell, Tex., and W. J. Newcom, also of Terrell, are reported to be interested in plan to build a railroad from Ennis to Waco, Tex.

ELECTRIC RAILWAYS.

ROCHESTER, N. Y.—We are officially advised that surveys are made for the proposed line for the Rochester, Scottsville & Caledonia Elec. R. R. The new items include $200,000 for the further extension of the Wissahickon boundaries of the park; improvements in the vicinity of Falls of Schuylkill, $25,000; laying out tennis grounds, constructing lockers, etc., $5,600; conduits for electric lights, $10,000; music pavilion and dining room at Belmont, $20,000; improving grounds and improvement of Zoological Garden, $20,000, and dredging Schuylkill River, $25,000, etc.

U. S. POSSESSIONS AND CUBA.

BRIDGE.—Panama.—Col. H. F. Hodges, Gen. Purchasing Officer, Isthmian Canal Commission, Washington, D. C., has awarded contract for furnishing at New York, one steel single-track three-span railway bridge for use on the Isthmus, to the UNITED STATES STEEL PRODUCTS EXPORT CO., 24 State St., New York, at $15,600.

STEAM SHOVEL.—Panama.—The Isthmian Canal Commission, Washington, D. C., has awarded to the MARION STEAM SHOVEL CO., Marion, Ohio, contract for furnishing twelve steam shovels at $15,180 each.

STEEL BRIDGES.—Hawaii.—Bids are asked by the Board of Supervisors, at Wailuku, Maui County, until 2 p. m., Dec. 11, for three steel bridges. W. F. Kaae, County Clerk.

CIVIL SERVICE EXAMINATIONS.

MONOTYPE MACHINIST.—Washington, D. C.—The U. S. Civil Service Commission announces an examination on Nov. 27 to secure eligibles from which to make certification to fill 14 vacancies in the position of Monotype Machinist, at 58½ cts. an hour, in the Government Printing Office, Washington, D. C., and vacancies requiring similar qualifications as they may occur in that office. Applicants must indicate in their applications that they are thoroughly familiar with and competent to repair and care for Monotype typesetting machines. Application Form 3093.

LABORATORY ASSISTANT.—Washington, D. C.—An examination will be held by the U. S. Civil Service Commission on Dec. 4 to secure eligibles from which to make certification to fill such vacancies as may occur in the positions of Laboratory Assistant qualified as textile and paper analyst and laboratory assistant in polariscopic work in the Bureau of Standards, Dept. Commerce and Labor, at $1,000 and $1,200 a year, and vacancies requiring similar qualifications as

they may occur in any branch of the service. The duties in connection with these positions are similar to those of the assistants in the physical laboratories of scientific and technical institutions. Age limit, 20 to 35 years. Application Form 1312.

ENGINEERS, ETC.—Albany, N. Y.—The State Civil Service Commission will hold examinations Nov. 30, for the following positions: Accountant, Public Service Commissions, $1,800 to $2,400; Assistant to the State Entomologist, $780; Assistant Civil Engineer, State Engineer's Dept., $5 to $6 a day; Axeman, $2 a day; Copyist of Historical Documents and Stenographer, State Historian's Office, $900 to $1,080; Electrical Engineer, Public Service Commissions, $1,500 to $3,000; Gas Engineer, Public Service Commission, $1,500 to $3,000; Zoologist, State Education Department, $1,200. The last day for filing applications for these positions is November 23. Full information with application forms for any of these examinations may be obtained upon postal card request from Charles S. Fowler, Chief Examiner, Albany.

LANSTON OPERATOR.—Washington, D. C.—The U. S. Civil Service Commission announces an examination on Nov. 27 to secure eligibles from which to make certification to fill at least ten vacancies in the position of Lanston operator in the Government Printing Office, at 50 cts. an hour or $4 a day, and vacancies as they may occur in the positions of Lanston operator and Mergenthaler operator in the Government Printing Office, at the salary named. As the Commission has experienced considerable difficulty in securing eligibles for the position of Lanston operator, an examination having been held on June 12, 1907, qualified persons are urged to enter this examination. Applicants must indicate in their applications for which of these positions they desire to apply. Application Forms 1093 and 1093b.

CIVIL ENGINEERS.—Philippines.—The U. S. Civil Service Commission announces an examination on Dec. 4-5, to secure eligibles from which to make certification to fill ten vacancies in the position of Civil Engineer in the Philippine Service, at $1,400 a year each, and vacancies requiring similar qualifications as they may occur in that service. There are, however, similar positions in that service paying higher salaries, and it is desired to secure from this examination eligibles who are qualified to fill the higher salaried positions in the event that vacancies therein occur. As but very few persons applied for the examination held for this position on October 16, and as the Commission has experienced considerable difficulty in securing sufficient eligibles to meet the needs of the service, qualified persons are urged to enter this examination. Appointees are allowed field expenses when absent on duty from their permanent station. Age limit, 18 to 40 years. Application Forms 2 and 375.

AMERICAN MANUFACTURES, Cape Town, South Africa.—We are in receipt of a letter from G. G. Lay, American Consul-General at Cape Town, South Africa, in which he states that a Commercial Information Bureau and Reading Room is about to be opened by the Consulate, with the intention of furnishing accurate information, prices and discounts of as many articles as possible manufactured in the United States to purchasers of American goods in South Africa. Circulars are being distributed in South Africa which will bring the Bureau to the notice of those likely to be interested, and inviting correspondence. It is therefore of the utmost importance, to make this Bureau a success, that a large number of American manufacturers should send to this Consulate-General their catalogues with lowest prices and exact export retail and wholesale discounts, giving the name and address of their agents in South Africa and other useful information.
